EU/ME is the largest working group on metaheuristics worldwide, uniting over 1400 members from over 80 countries. This working group is a platform for information and communication among researchers and practitioners in metaheuristics. EU/ME is supported by EURO, the European Association of National Operational Research Societies. Membership is free and open to everyone around the world interested in this exciting field of research. Although primarily aimed at researchers, EU/ME actively encourages people from industry and the service sector to join. EU/ME organizes a yearly EU/MEeting, a workshop on a specific topic related to metaheuristics.

How to join us

Becoming a member of EU/ME is free and offers many benefits. We encourage both researchers and practitioners interested in metaheuristics to join us.

Advantages

Registered members can

- post articles of their interest and share their views with EU/Members
- add event (conferences, workshops, etc.) to the EU/ME Events List
- send messages to all EU/MEbers using the EU/ME Mailing List
- discuss different topics through the EU/ME LinkedIn group
- maintain their profile page on the EU/ME website, indicating their interests
- much more

EU/ME - the name

EU/ME is pronounced [uː miə] or [uː ænd miə] ([IPA pronunciation key](#)). For the lazy ones: you/me or you and me.
