The second visit of the Analytics Genie was fully as unexpected as the first. The sudden appearance of mist billowing out of nowhere in the corner of my study and the image of an imposing figure in a turban materializing within it is not the sort of thing one easily gets used to.

The genie stepped forward, touching his hand to his forehead in greeting – a little less theatrical than the sweeping bow he had executed on his first visit – and addressed me in a tone as if he had only left my presence moments before. "Have you made progress in choosing your second wish?"
